

## **COMMUNITY SERVICE ACTION – REGION AUSTRALIA**

Many of the usual club community activities have been dampened by the covid pandemic, with clubs meeting online and not getting together in person. Clubs are now though, starting to meet face-to-face and the planning for activities is ramping up.

Some of the activities that have taken place are:

- Conducting raffle and meat draw at local Workers' Club
- Sausage sizzles at local hardware stores to provide food and raise money
- Boxes of Charity being organised with the YMCA for Christmas
- Helping sell tickets for the Rotary Raffle for the community
- Supporting the Soup Bus and teaming up with the Track Foundation providing meals for the homeless
- Funds donated to Foodshare \$8000 to help with the "cheap food café"
- \$2400 donated for solar panels for low-income housing, looking to replicate this activity with the sustainability group in the country city
- Financial support to local church to help with cost of defibrillator
- Local support for the annual Debutante Ball
- Providing regular meals for homeless in Canberra by the local club
